

GRTC Announces New Service to Oakland Neighborhood

The proposed extension of the **4B OAKWOOD/DARBYTOWN** route will provide more connections for lower income households and those with no access to a vehicle. These new stops will also **increase public transportation opportunities in Eastern Henrico**, an area currently underserved by public transportation.

Multiple **low-income housing units** located near proposed Oakland Road bus stop.

Food Deserts and Supermarket Access: As of 2019, the Oakland Neighborhood is part of an area where **more than 33% of households are more than 1 mile from a supermarket.**² This route extension will provide an easy connection to the Farm Fresh supermarket in Shockoe Bottom at 2320 East Main Street.

Report compiled by Candice Weber for URSP 625, February 15, 2026
